The staff and scholars joined hands together to clean the central portion of the children's park area of the Institute on 21st October, 2024 under the ongoing Special Campaign 4.0. They enthusiastically cut the overgrown grasses and bushes using brush cutter and pruned unevenly grown ornamental trees. They collected the garbage for disposal into the compost pit. The 'Before and After' photographs of the site and some of the activity photographs of 21.10.2024 are presented below.
